## ALPHA 0306702 - collection + storage + soaking

Trolley dimensions with closed foldable bag holder 88x58x156 cm

### APPLICATIONS

Trolley used for the waste collection, for the wet mopping and/or disinfection in hospitals, rest homes, clinics, medical practices, with mop soaking system on demand: the innovative Equodose® mechanical dosing device (to order separately).

### ECO BOX

#### COMPLIES WITH THE EUROPEAN GPP GUIDELINES ON THE USE OF ENVIRONMENTALLY FRIENDLY PRODUCTS IN PUBLIC ADMINISTRATIONS

The soaking system directly on site, trolley equipped with Equodose, prevents the operators from deciding the soaking degree of the mops at their discretion and guarantees the maximum efficiency in the water and chemical consumption

Buckets made of recycled plastic (50% of their weight), PSV (Plastic Secon Life) certified, available in different colours according to their final use

Manufactured with repairable components and / or available as spare parts, to ensure a long life cycle

#### PSV PRODUCT

Product partially made of PSV certified plastic components - Plastic Second Life: the first Italian and European brand of environmental product certification that guarantees and makes it easier to identify goods obtained using recycled plastics

#### CARBON FOOTPRINT

Filmop is certified according to the Carbon Footprint Systematic Approach, carried out in compliance with the UNI EN ISO 14067:2018 standard, which allows to quantify the environmental impact of the product expressed in CO<sub>2</sub> emitted at each stage of the life cycle

#### ECO-FRIENDLY PRODUCT

Product made of separable materials and, consequently, recyclable at the end of its life

Product sold in packaging compliant with Legislative Decree 116 of 03-09-2020 concerning the obligation of environmental labeling for correct disposal at the end of use. 99% of the cardboard packaging used by the company is made on average with 80% recycled paper

## FEATURES

- Made of high quality polypropylene copolymer: light, shock-proof, heavy duty and low-temperature resistant
- Strong, tough, ergonomic, modular, easy to assemble and clean
- The Equodose® dosing system allows to soak on demand and directly on site just the necessary mops that will be ready to use in a few and simple steps
- Top-Down® bucket 20 lt with hermetic cover and handle for the transport of clean mops
- With a fifth wheel in the middle to be much stronger in case of a fully and heavy loaded trolley
- The vertical frames guarantee a high hygiene, as the waste bag is always separated from the other compartments of the trolley. Equipped with slots for side baskets.
- Foldable bag holder reducing considerably the overall dimensions of the trolley after use. Equipped with the ergonomic push-bar handle easily adjustable in order to suit the end user's height and grant the right working posture. 40+80 lt for the separate collection of used cloths and waste, available also in the 120 lt, 2x60 lt and 3x40 lt versions
- Door for central storage compartment equipped with removable key and grip with key compartment
- Buckets 4 L in different colours to separate the different chemical solutions, tools and cleaning equipment in use
- The fixed side walls and the side doors are completely smooth and upon request, they can be customized with drawings, pictures or logo
- Several combinations of shelves and drawers are available: drawers 10 L, 22 L, 40 L, equipped with slide out limiter, with or without lock
- The trolley can be equipped with "HUSH" system: the shock-absorbing pistons inserted in the bag holder allow a soft and very silent closure of the cover
- The trolley can be equipped with hooks, baskets with dividers, carry baskets, handle holders and many other accessories: we suggest you to check our technical catalog in the "components and accessories" section of our Alpha line of trolleys in order to know the complete range of the available accessories.
