ALPHA 0806819 Split system - collection + storage + soaking

APPLICATIONS

Trolley used for the waste collection and for the wet mopping and/or disinfection in hospitals, rest homes, clinics, medical practices, with pre-soaking mopping system with hermetic Top-Down® buckets.

ECO BOX

COMPLIES WITH THE EUROPEAN GPP GUIDELINES ON THE USE OF ENVIRONMENTALLY FRIENDLY PRODUCTS IN PUBLIC ADMINISTRATIONS

Pre-soaking system, with Top-Down buckets, avoids the subjectivity of the operators regarding the degree of dampness of the mops and ensure the reduction of water and chemical consumption
Buckets in different colors depending on the intended use made of plastic recycled at 50% of the weight
Product with a system that makes the correct waste management easier, encouraging the separate waste collection
Manufactured with repairable components and / or available as spare parts, to ensure a long life cycle

PSV PRODUCT

Product partially made of PSV certified plastic components - Plastic Second Life: the first Italian and European brand of environmental product certification that guarantees and makes it easier to identify goods obtained using recycled plastics

CARBON FOOTPRINT

Filmop is certified according to the Carbon Footprint Systematic Approach, carried out in compliance with the UNI EN ISO 14067:2018 standard, which allows to quantify the environmental impact of the product expressed in CO₂ emitted at each stage of the life cycle

ECO-FRIENDLY PRODUCT

Product made of separable materials and, consequently, recyclable at the end of its life
Product sold in packaging compliant with Legislative Decree 116 of 03-09-2020 concerning the obligation of environmental labeling for correct disposal at the end of use. 99% of the cardboard packaging used by the company is made on average with 80% recycled paper

FEATURES

- Made of high quality polypropylene copolymer: light, shock-proof, heavy duty and low-temperature resistant
- Strong, tough, ergonomic, modular, easy to assemble and clean
- The base can be equipped with an additional fifth wheel in the middle to be much stronger in case of a heavy loaded trolley
- Thanks to the bag holder and the lower removable drawer, it is possible to split and customize the waste collection section
- Handy lower removable drawer equipped with a bag holder insert with dividers for waste collection and a storage compartment for bags and/or small cleaning tools. The dividers of the bag holder are removable in order to organize better the storage room
- Door for central storage compartment equipped with removable key and grip with key compartment
- The vertical frames guarantee the highest hygiene, separating the waste collection compartment from the rest of the trolley
- The fixed side walls and the side doors are completely smooth and upon request, they can be customized with drawings, pictures or logo
- The bagholder is completely closed for a better hygiene and the door helps the operator while emptying the bag from the front
- Bagholder 2x75 L for the collection of dirty mops and cloths equipped with ergonomic push-bar, handle supports and hook. It is available in different versions: 150 L, 2x75 L, 1x50 L+1x100 L, 3x50 L and it is equipped with 2 shock absorbing pistons for a silent and soft closure of the cover (Hush System).
- The bagholder can be equipped by a kit pedal which allows the opening of the cover by foot, without using the operator's hands
- Trolley used for the transport of Top-Down® buckets with pre-soaked mops from the laundry room to the ward where the multipurpose trolley is based, can be easily attached to the service trolley. With Rilsan coating: long-lasting, rustproof treatment, resistant to abrasion, shock-proof and scraping-resistant in case of very small abrasions on it. It lays onto a supporting plastic plate for a greater stability also when fully loaded, guaranteeing the highest operator's safety
- The central basket has a label which can be customized writing the operator's name, the working area or other useful information
- Buckets 4 L in different colours to separate the different chemical solutions, tools and cleaning equipment in use
- Top-Down® buckets 20 L with hermetic cover and plastic handle. Ideal to "pre-soak" the mops beforehand and carry them to the working place
- Several combinations of shelves and drawers are available: drawers 10 L, 22 L, 40 L, equipped with slide out limiter, with or without lock
- The trolley can be equipped with hooks, baskets with dividers, carry baskets, handle holders and many other accessories: we suggest you to check our technical catalogue in the "components and accessories" section of our Alpha line of trolleys in order to know the complete range of the available accessories.
- Latex-free product

MATERIAL

Polypropylene copolymer and Rilsan coated steel
