ALPHA SECURITY 3806894 Split system - collection + storage + soaking

APPLICATIONS

Trolley used for the waste collection, for the wet mopping and/or disinfection in hospitals, rest homes, clinics, medical practices, with mop soaking system on demand: the innovative Equodose® mechanical dosing device (to order separately). The automatic locking system of the storage compartment prevents unauthorised access, allowing the trolley to be used in areas where higher security is required.

ECO BOX

COMPLIES WITH THE EUROPEAN GPP GUIDELINES ON THE USE OF ENVIRONMENTALLY FRIENDLY PRODUCTS IN PUBLIC ADMINISTRATIONS

The soaking system directly on site, trolley equipped with Equodose, prevents the operators from deciding the soaking degree of the mops at their discretion and guarantees the maximum efficiency in the water and chemical consumption

Product with a system that makes the correct waste management easier, encouraging the separate waste collection
Manufactured with repairable components and / or available as spare parts, to ensure a long life cycle

PSV PRODUCT

Product partially made of PSV certified plastic components - Plastic Second Life: the first Italian and European brand of environmental product certification that guarantees and makes it easier to identify goods obtained using recycled plastics

CARBON FOOTPRINT

Filmop is certified according to the Carbon Footprint Systematic Approach, carried out in compliance with the UNI EN ISO 14067:2018 standard, which allows to quantify the environmental impact of the product expressed in CO₂ emitted at each stage of the life cycle

ECO-FRIENDLY PRODUCT

Product made of separable materials and, consequently, recyclable at the end of its life

Product sold in packaging compliant with Legislative Decree 116 of 03-09-2020 concerning the obligation of environmental labeling for correct disposal at the end of use. 99% of the cardboard packaging used by the company is made on average with 80% recycled paper

FEATURES

- Made of high quality polypropylene copolymer: light, shock-proof, heavy duty and low-temperature resistant
- Strong, tough, ergonomic, modular, easy to assemble and clean
- The Equodose® dosing system allows to soak on demand and directly on site just the necessary mops that will be ready to use in a few and simple steps
- Thanks to the bag holder and the lower removable drawer, it is possible to split and customize the waste collection section
- Its vertical frames guarantee the maximum hygiene, being the trash bag always separated from the rest of the trolley
- Top-Down® bucket 20 Lt with hermetic cover and handle for the transport of clean mops
- Handy lower removable drawer equipped with a bag holder insert with dividers for waste collection and a storage compartment for bags and/or small cleaning tools. The dividers of the bag holder are removable in order to organize better the storage room
- Bag holder closed on all four sides for maximum hygiene and equipped with a door to remove the waste bag from the front, with no need to lift it up
- Bag holder equipped with the ergonomic push-bar handle easily adjustable in order to suit the end user's height and grant the right working posture. Complete with shock-absorbing pistons for a silent and soft closure of the cover. Available also in the 150 Lt, 1x50 + 1x100 Lt and 3x50 Lt versions
- The bagholder can be equipped by a kit pedal which allows the opening of the cover by foot, without using the operator's hands
- Storage compartment equipped with integrated automatic locking mechanism: by closing the door and lowering the cover the system is instantly and automatically activated. The subsequent opening is reserved for authorised personnel in possession of a universal key. Side closing door of the storage compartment equipped with grip with key compartment
- Buckets 4 L in different colours to separate the different chemical solutions and tools
- The fixed side walls and the side doors are completely smooth and upon request, they can be customized with drawings, pictures or logo
- Several combinations of shelves and drawers are available: drawers 10 L, 22 L, 40 L, equipped with slide out limiter, with or without lock
- The trolley can be equipped with hooks, baskets with dividers, carry baskets, handle holders and many other accessories: we suggest you to check our technical catalog in the "components and accessories" section of our Alpha line of trolleys in order to know the complete range of the available accessories.
- Latex-free product

MATERIAL

Polypropylene copolymer and Rilsan coated steel
