APPLICATIONS

It is fitting the Alpha line of trolleys for the soaking of the mop directly on site.

ECO BOX

ECO-FRIENDLY PRODUCT

Product made of separable materials and, consequently, recyclable at the end of its life

FEATURES

- Totally mechanical and without electrical parts: dosage is regulated by means of a graduated dial and operated thanks to a hand lever.
- Strong and easy to maintain: made of high quality polypropylene (Made in Italy); easy and low maintenance is required.
- Safe and as by law enacted: the graduated dial and tank can be blocked with the specific safety key device to avoid any tampering or improper use; hand level with push button to block the solution dispensing mechanism
- Versatile: suitable for several kinds of mops with backing for strap tape system, pocket mop system and Duo Face mop system fitting 40 cm mop systems
- You can dose the right cleaning solution for each single mop according to the features of the mop itself (absorbing capacity) and/or the features of the surface to clean, thanks to the graduated dial

MATERIAL

Polypropylene
